Polycom[®] RealPresence Trio[™] Visual+ Accessory

Turn your audio calls into productive collaborative meetings

The Polycom[®] RealPresence Trio[™] conference phone's award-winning design, the first of its kind, allows you to easily add the optional RealPresence Trio[™] Visual+ accessory and a USB compression camera transforming your audio conference into a powerful video experience. The RealPresence Trio Visual+ accessory supports high definition 1080p video allowing you to see your audience and experience their emotions right as they happen.

Bring your own device

Polycom RealPresence Trio is an ideal communication solution for every meeting

What if you want to share your ideas and concepts visually, from your PC, tablet or smart phone? With the RealPresence Trio Visual+, you can easily share high definition content such as presentations, spreadsheets, photos and even multimedia videos with everyone in the room, with remote participants, or both simultaneously; via Bluetooth/NFC or USB connectivity.

Simple deployment

RealPresence Trio Visual+ is quick to deploy with simple plug-and-play connections: HDMI for your display, USB for camera and Power-over-Ethernet (PoE) for electricity. That's it! With its small footprint, it can easily be mounted out of view.

When paired together, RealPresence Trio 8800 conference phone and RealPresence Trio Visual+ accessory provides flexibility and performance, making it the perfect choice to enable small team collaboration and it is priced right for mass deployment.

Benefits

- Expand RealPresence Trio 8800 conference phone, the world's clearest and richest audio experience, by adding visual collaboration
- Improve team collaboration by easily sharing ideas, concepts and reactions
- Easy plug-and-play for immediate deployment
- Priced right for mass adoption
