

Top 10 Reasons to Upgrade your Conference Phone

Reason # 10 - Everyone you talk to sounds like the order taker at a fast-food drive thru.

Polycom's RealPresence Trio boasts the best audio of any conference phone with full wideband HD voice, an integrated bass reflex port for rich full sounds and Polycom's patented Noiseblock™ for muting extraneous background noises like keyboard tapping sounds.

Reason # 9 - Your boss has never forgiven you for mistakenly ending that important client call when you accidentally hung up instead of putting them on mute.

RealPresence Trio includes many thoughtful touches, like illuminated "mute" buttons on each of its three legs that make it the easiest conference phone to use – yes, it can even save you from yourself.

Reason #8 - The world is better in color.

RealPresence Trio sports a full-color 5-inch touchscreen interface that is as intuitive as your favorite smartphone.

Reason #7 - You have better things to do in the first five minutes of a meeting than to spend it figuring out how to join the meeting.

RealPresence Trio integrates with your calendar with a one-touch join that is fast and easy.

Reason #6 - Affordability, anyone?

RealPresence Trio gives you an affordable enterprise-grade collaboration for voice, content sharing and video that is all inclusive and won't break the bank.

Reason #5 – You depend on Skype for Business or Office 365

RealPresence Trio is the first and only certified conference phone for Skype for Business and Office 365 Cloud PBX. It offers a Skype for Business interface, Microsoft Exchange calendaring integration.

Reason #4 – Bring Your Own Device – enough said!

RealPresence Trio is friendly to your personal devices. Pair it wirelessly for mobile phone and soft-client audio calling.

Reason #3 - Your huddle rooms are used a lot.

RealPresence Trio lets you transform your plain huddle spaces into full voice, content and video collaboration rooms, at a great price.

Reason #2 – Your IT department needs to deploy business tools that work for everyone and won't give them headaches.

RealPresence Trio is quick to deploy with simple plug and play connectivity and integration with your existing call platform. Simple to use means less support calls!

Reason # 1 – Your current conference phone is just, well, a phone.

RealPresence Trio is so much more than a conference phone. It's a smart hub that can make audio calls, share content and videoconference. Okay, well that's three reasons - after all - it is called RealPresence Trio!
